

FoodMed 09 Scholarship Request

This June, hospital leaders from around the country will gather to learn and share their knowledge about nutritious, local, sustainable healthcare food, and join the growing healthcare community that is promoting healthy people, healthy communities and a healthy planet.

One important goal of FoodMed 09 is to provide high quality, low cost education to the healthcare and global community. Consistent with this goal, FoodMed 09 has available a limited scholarship program for those with a limited budget interested in attending FoodMed 09.

If you would like to apply for a free registration scholarship, please fill in the form below and email it to our conference organizer Hillary Bisnett at hillary@ecocenter.org. We will preferentially choose from those working in the health or public health community, but all are encouraged to apply. Unfortunately, the fund is limited and we ask interested participants to exhaust other means before applying. The first round of successful applicants will be notified by June 12, 2009. Applications will be accepted until June 26, 2009 or until the fund is exhausted.

Please return this application to Hillary Bisnett at
